

Quick Med Claims (QMC) is uniquely positioned to provide emergency medical transportation billing and reimbursement services to medical transportation providers across the country. QMC brings together a wealth of knowledge, experience and expertise to create the “QMC Experience” for its partners. The cornerstone of the QMC Experience is a commitment to:

- **Provide a Compliant Billing Process**
- **Obtain the Maximum Allowable Reimbursement**
- **Provide Custom Solutions**
- **Provide Excellent Customer Service**

With a focus on these important elements, QMC is able to provide its partners with the best experience in the industry.

QMC has been a privately owned and operated business for more than 25 years. In 2015, QMC received a growth capital investment from Five Points Capital. This acquisition has enabled QMC to continue to grow and better serve/expand its client base nationwide.

QMC has processed claims for medical transportation in more than 30 states around the country. The graphic shown here highlights the specific states where QMC has experience in red.

- QMC has extensive knowledge of electronic claims processing
- QMC provides services for medical transport organizations with differing organizational structures.
- QMC provides services for medical transport organizations with a wide range of transport profiles.
- QMC provides services for medical transport organizations with high volume operations, as well as those with a limited annual transport volume.
- QMC has experience interacting with more than 800 different insurance companies.
- QMC processes more than 600,000 medical transport claims annually
