

QMC PRIORITY INFO: Please Review

TIME-SENSITIVE | PLEASE REVIEW PROMPTLY

January 15, 2021

CARES Act Provider Relief Fund (PRF) Reporting Portal Opens Today!

The U.S. Department of Health and Human Services (HHS) has opened the CARES Act PRF portal today! You can access the portal at...

<https://prfreporting.hrsa.gov/s/>

If your organization received at least \$10,000 in CARES Stimulus Money in the aggregate (from all sources-not including the Uninsured Patient Payment Program which is not included for this reporting), your organization MUST register and complete the reporting requirements. The purpose of this requirement is to report how your organization used the funds to “Prevent, prepare for and respond to...” the coronavirus pandemic.

- Reporting opens today (January 15, 2021)
- Deadline to complete the report is February 15, 2021 for funds expended prior to December 31, 2020
- Deadline to complete the report is July 31, 2021 for funds not expended prior to December 31, 2020

Please remember, if you have spent all CARES PRF funds in 2020, you need only file one single report*. If you have not yet spent all PRF funds, then you will be filing a report for expenditures in 2020 and a second report for funds expended in 2021. All funds must be spent by the July 31, 2021 deadline or be subject to refunding to the government.

Questions? Send us an e-mail to COVIDHELP@quickmedclaims.com

**Organizations receiving in excess of \$175,000 are subject to single audit requirements requiring a third-party CPA/Auditing firm to complete. BE sure to consult the HRSA CARES website for additional information.*
